1 Access to CatMan Next

Send an email to CatMan Solution Support, with name and email addresses of those who need access to the CatMan Next: cms.support@catmansolution.com.

When Support has granted access, an email will be sent along with your account, a password and this guideline.

The username and password that you received from Support will always be the same regardless of whether it's for login at your: PC, Tablet/Mobile, Workspace App or Pictures and Plans (PAP) – except B2B customers.

2 Sign in and Download Power BI on Tablet or Mobile

Download the app via <https://powerbi.microsoft.com/en-us/downloads/> on the device you need and remember to use the correct account.

It works on all devices, but we recommend using the solution on tablets as it has a larger screen.

Website: <https://powerbi.microsoft.com/en-us/downloads/>

- Microsoft Power BI Mobile**: Highlighted with a red box. Description: 'Access your data anywhere, anytime. These native apps provide live, interactive, mobile access to your important business information.' - Microsoft on-premises data gateway**: Crossed out with a red X. Description: 'With the on-premises data gateways, you can keep your data fresh by connecting to your on-premises data sources without the need to move the data.' Includes a 'DOWNLOAD' button.
- Microsoft Power BI publisher for Excel**: Crossed out with a red X. Description: 'Save snapshots of important PivotTables, Charts, cell ranges, and more from across all of your Excel spreadsheets to a Power BI web dashboard with just a few clicks.' Includes a 'DOWNLOAD' button.
